

PHANTASYA

Sofia The Sofia collection from PHANTASYA celebrates the magic of the Bulgarian Rose: nothing makes a woman more complete, more attractive or more beautiful than the jewellery she wears like her fragrance.

Rose petal dreams Mysteriously
scented soul. Subtle and exciting. Infinite femininity. Romance, the essence
of love.

Alexander Nevski A cathedral of
thoughts and images. A place of longing with a golden interior. Presence and
memory. Precious time.

Style icons The beauty of melancholy. Adorned for the long night. Self-assured. Passionately feminine. I am life, sadness, joy, happiness.
